ABOUT US

Aresky Oil and Gas, established in 2021, is a premier consultancy and trading company operating across Europe, Africa, and Asia. Headquartered in Blackpool, United Kingdom, we specialize in delivering world-class consultancy services in the oil and gas sector while facilitating global trade in a wide range of commodities and minerals.

With an annual turnover exceeding £139 million, Aresky has earned recognition for its ability to connect clients with reliable resources, supply chains, and strategic insights.

Our commodity portfolio includes anthracite coal, bituminous coal, diesel, gold, silver, lithium ore, copper ore and cathodes, lead, zinc, dolomite, diamonds, and precious stones like ruby, sapphire, and amethyst.
